Website terms and conditions

DRAFT FOR COUNSEL REVIEW | FTR-2026-09-28-v1

Using this site

Face The Reality Radio provides listening, artist information and inquiry services connected to Dreamteam Network Television. Contact facetherealityradio@gmail.com or 929-255-7780. Confirm the receiving business legal entity in any service agreement before commissioning work.

Listening and free downloads

Live radio is the current broadcast; exclusive tracks are on demand. Sexy Face and its cover art are offered as free personal downloads. A download does not transfer copyright or authorize resale, re-upload, remixing, commercial synchronization or redistribution. Other music remains subject to the relevant rights holders permissions.

Artist Review and payments

The advertised Artist Review fee is $10, paid through Cash App $FACERADIO before review, and is non-refundable except where required by law. It includes feedback and one song in heavy rotation for one month. Confirm track eligibility, required permissions and the rotation start date with the station. Do not send card details or passwords through the site.

Bookings, television and other services

TV placement, studio services, manufacturing, marketing, interviews and sponsorships are separate unless a written package expressly includes them. Availability, fees, dates, deliverables, approval rounds and any cancellation terms must be confirmed in writing. No particular audience, income, ranking or commercial outcome is guaranteed.

Music submissions and rights

Sending a link or paying a review fee does not transfer ownership or automatically clear a work for every use. Submit content only with authority to do so. Master recording, composition, sample, performer and audiovisual rights may require different approvals. Use the relevant release and attach clearance evidence. Label and publisher restrictions still apply.

DRAFT FOR COUNSEL REVIEW | FTR-2026-09-28-v1

Releases and electronic signing

Release templates are drafts for counsel review. The typed-signature tool creates a local PDF; it does not verify identity, notarize signatures, provide a trusted timestamp or automatically record station acceptance. Save and submit the completed copy. A license is effective only after the receiving legal entity is identified and its authorized representative accepts the complete release in writing. Paper signing is available.

Conduct and external services

Do not submit fraudulent, infringing or unlawful material, impersonate another person or interfere with the site. Third-party players, social links, Cash App, app stores and FormSubmit operate under their own terms. External availability is outside the station website control.

Privacy and contact

See Privacy & Submissions for the website form flow. Signing entries are processed in your browser until you choose to send a file. The site does not automatically save your signature to a station database. If using FormSubmit, complete its verification; email delivery requires recipient activation. For data requests, rights disputes, access needs or service concerns, contact facetherealityradio@gmail.com.

Changes and applicable rights

The current page is dated September 28, 2026. Later website changes do not retroactively amend a signed agreement; changes to a signed agreement need the parties acceptance. Nothing here removes rights or remedies that applicable law does not allow to be waived. These terms do not replace a separately accepted service or licensing agreement.
